Creative Eco-Fashion Catwalk Show: Celebrating the Love for Green

[Hong Kong, 19 March 2012] Let's jazz up the Easter celebration with a heart of green! This Easter, the Sino Group of Hotels dedicates to support environmental sustainability for a greener planet and at the same time promotes local art and culture. To make this festival more meaningful, the Group joins hands with little designers from Moonbear Creative Workshop, to creatively upcycle bed sheets, towels, plastic bottles, plastic bags, aluminium cans, toilet paper rolls and cardboards from the four hotels. Upcycling is the process of converting waste materials or useless products into new forms of better quality and of a higher environmental value. The 7-week workshop engaged the children in the procedures of cleansing, designing, dyeing, sewing and trimming the old materials to transform them into 18 colourful egg-shaped apparels. Children from the Hong Kong Society for the Protection of Children will have a chance to show off their talents and innovation at their debut catwalk, with a 2.5 feet tall Easter choco-bunny and a wide selection of luscious delicacies.

Tomorrow's Stars – Easter Fantasy Fashion Show

Adorned with Kat, the lovely mascot, cheerful bunny and superb Easter eggs, Hong Kong Gold Coast Hotel is transformed into a glittering eco-fashion stage to demonstrate the concepts of recycling and upcycling. Kids from the Hong Kong Society for the Protection of Children Butterfly Estate Nursery School have been invited to be the models styled in innovative recycled apparels designed by the children from Moonbear Creative Workshop. Through salvaging old materials and giving them a new life, we hope to bring rays of joy to this fantastic carnival.

Vote for the best "Easter Fantasy" upcycled apparels Facebook Game

From 19th March to 15th April, be our Facebook fan and vote for the best "Easter Fantasy" upcycled apparels. Utilising old bed sheets, towels and disposable materials contributed by the Sino Group of Hotels, the destiny of used materials are re-written in the hands of inventive children from Moonbear Creative Workshop, and given a new definition of recycling. Explore our Facebook fans page and begin your low-carbon living filled with style and arts.
